

### Additional Bulk Waste and White Good Fees

**Bulk Waste - Additional Services:** for burnable items over 50lbs, residents may contact E.L. Harvey directly to schedule a pickup for an additional fee (paid by the resident). As E.L. Harvey’s regular route trucks are staffed with a single individual, these collections will be made by a box truck staffed by at least two people and may not occur on the same day as regularly scheduled pickup. There is a limit of one (1) item per week. The Town will not be charged for any items collected or disposed of under this program. The following fees will apply:

<b>For items 50-75lbs</b>	<b>Under 48” in length</b>	<b>Over 48” in length</b>

FY2026	\$42	\$52
FY2027	\$44	\$54
FY2028	\$46	\$56

For items over 75lbs, the fee would be \$100 for the life of the contract. As noted above, the costs and revenues from this program belong to E.L. Harvey are not included in the Town’s fee.

**White Goods, CRTs, Metal Bulk Items:** E.L. Harvey will provide this service by appointment and collection will be weekly for one (1) item per household. As with the Bulk Waste Additional Services, the resident will call and schedule with E.L. Harvey directly, and E.L. Harvey will cover all costs and retain all revenues.
