

TOWN OF WESTFORD  
**12 NORTH MAIN STREET TASK FORCE**

Telephone (978) 692-5501 x1  
[www.westfordma.gov/12northmain](http://www.westfordma.gov/12northmain)

**COMMUNITY MEETING**  
**TO DISCUSS 12 NORTH MAIN STREET**  
**Thursday, February 26, 2015**  
**6:30PM – 8:00PM**

**At the United Methodist Church located at 10 Church Street, Westford**

The 12 North Main Street Task Force was created in 2014 to recommend how to address public safety, public health, and related concerns at the abandoned mill property located at 12 North Main Street. The property includes the former Westford Anodizing building shown in the 2014 aerial photograph below and three smaller parcels in the former mill complex.

You are invited to share your concerns and ideas, and ask questions at a community meeting to discuss 12 North Main Street scheduled for Thursday, February 26, 2015 at 6:30PM at the United Methodist Church in Westford. At this meeting, the task force will make a brief presentation to residents. Town officials and a representative from the Massachusetts Department of Environmental Protection will be available to answer questions.

Additional details about this community meeting, background information about the task force, and a form to submit comments are available online:

---

**12 North Main Street Task Force - Charge:** This task force will evaluate potential reuse scenarios for the property located at 12 North Main Street which contains an abandoned mill building that was formerly part of the Abbot Worsted Company, and more recently is known as "Westford Anodizing". We are considering foreclosing on the property for non-payment of taxes which will result in the town taking ownership. We are currently working with a Licensed Site Professional (LSP) to determine the scope and extent of environmental remediation that will be required for any future use of the property. The task force's primary goal will be to evaluate the potential options and make a recommendation to the town for plans that would benefit the community. The property owner of 10 North Main Street is currently working on a redevelopment plan and any future use of his site will likely impact the Westford Anodizing property. It is anticipated that the task force will work closely with the owner of 10 North Main Street to collaborate as much as possible regarding future plans for these adjacent properties.
