## Community Electricity Aggregation Program

April 19, 2019

Dear Basic Service Customer,

The Town of Westford approved a Community Electricity Aggregation program authorizing our community to aggregate the electricity load (usage) of those residents and businesses that are on Basic Service with National Grid. The goals of the Program are to provide you with competitive choice and longer-term price stability.

You will be automatically enrolled in the Town of Westford Community Electricity Aggregation program unless you choose not to participate. **YOU MUST MAIL AND POSTMARK YOUR OPT-OUT CARD ON OR BEFORE MAY 21, 2019 TO AVOID AUTOMATIC ENROLLMENT IN THE AGGREGATION PROGRAM.**

After a competitive bid process, Public Power, LLC was selected as our Electricity Supplier with a contract term from your scheduled September 2018 meter reading to your January 2021 reading.

Rate Class	Town of Westford Community Electricity Aggregation Program (Standard Product - No Action Required)	Current National Grid Basic Service

Commercial (G-1, S-1, S-2, S-3, S-5, S-6)	\$0.10430/kWh	\$0.09668/kWh
Industrial WCMA* (G-2, G-3)	\$0.10430/kWh	\$0.09301/kWh WCMA*
Duration	September 2018 – January 2021 Rates apply to service beginning and ending on the days of the month that your meter is read in your service area.	May 1 – October 31, 2019 or July 31, 2019* Residential and Commercial rates change every six months. *Industrial rates change every three months.

Rates indicated above are for Supply Services only. Under the contract, the rate per kWh for electric supply will be fixed until your January 2021 meter reading. Program prices could increase as a result of a change in law.

There is no guarantee of savings. The primary intent of the Program is to provide you with competitive choice and longer-term price stability over the duration of the remaining contract term. National Grid rates for electric supply change every six months (November 1 and May 1) for Residential and Commercial customers, and every three months for Industrial customers. National Grid's Basic Service rates may drop below the Program rate during any given six-month period.

**AN ADMINISTRATIVE ADDER** of \$0.001/kWh for the aggregation consultant is included in the Westford program rates shown above.
