

nationalgrid

HERE WITH YOU. HERE FOR YOU.

We're upgrading the natural gas main.

June 24, 2019

Re: Natural Gas Work in Westford. (work order # 1243435)

Dear City Officials,

National Grid is committed to safely and reliably delivering energy to our community. That's why we are replacing the natural gas main at **115 to 128 Lowell RD., Westford, MA**. As part of this project, we will also replace the natural gas service piping that connects the main to the customer's gas meters. Approximately **9** premises are within the construction limits.

Construction is expected to begin on **June 24, 2019** and anticipated to last to **July 8, 2019** weather permitting. We will work hard to complete this project promptly and with minimal disruption to the community. Visit ngrid.com/mainline to view a YouTube video on this gas main replacement process. A second video explaining the replacement of the service pipe to customer homes is available at ngrid.com/serviceline.

Enclosed is a notification that will be distributed to all affected constituents. We're here for you if you have any questions about this project. Please contact me at **1-978-725-1051**.

We look forward to working with you as we upgrade our community's infrastructure.

Sincerely,
Susan Griffin
Manager, Community & Customer Management
