Rules & Regulations

1. Prior to any monument being installed, removed, inscribed, cleaned or repaired this Monument Permit Application must be submitted to and approved by the Cemetery Department. There is a \$20.00 processing fee for this form.
2. The lot owner assumes all responsibility for maintenance and care including any damage that may occur to the monument and/or markers.
3. Non-conforming monuments may be allowed after a written request has been submitted to and approved by the Cemetery Commission.
4. The Cemetery Department reserves the right to temporarily remove monuments, shrubs, etc. to facilitate the digging of graves.
5. All monuments and markers must be constructed of natural stone or bronze.
6. The size and type of lot will be determined at the time of purchase.
 - All lots with monument privileges are allowed one monument and two markers per grave.
 - Non-monument lots are allowed one family marker and two flush markers per grave.
 - Urn garden lots are allowed one flush marker per lot.
 All size restrictions are listed in the chart below.
7. Corner markers flush with the ground are allowed upon the approval and the direction of the Cemetery Department.
8. Curbing, elevated corner markers, buttresses, wooden structures, temporary monuments, and unattached urns are not allowed
9. Slant or beveled markers may only be used in place of a monument.
10. No die of any monument is permitted to extend beyond the footprint of the base.
11. All work on lots is to be done during normal cemetery hours and will cease in the event of a funeral service.
12. All markers will be a minimum of 4" thick. Markers are to be set flush with the ground in a manner that will not affect mowing operations.
13. Any damage that may be caused by setting a stone and/or constructing a foundation will be repaired by the Cemetery Department at a rate of \$150.00/hr plus the cost of materials payable by the monument company.
14. All monuments must have a foundation that is a minimum of three feet in depth. Upon completion of the foundation, the installer is responsible for clean up and removal of fill from the cemetery.
15. Bench foundations will be the same dimensions as the surface area of the bench.
16. All engravings to existing stones require a permit except for adding death dates.
17. No engravings that are or could be deemed offensive will be allowed.
18. All incorrectly placed markers or monuments will be removed at the cost of \$100.00/hr. and charged to the monument company.
19. Location for all stones will be marked by the Cemetery Department pending the completion and approval of this Monument Permit Application.
