**Project Description and Goals:**

**Please describe project.** In proposal, please include how this project impacts Westford’s citizens and addresses Westford’s current and/or future needs? How

does this project preserve Westford's character and meet its preservation goals? Why should this project be funded this year? (Use as many additional pages as necessary)

The Westford Public Schools, and in particular the Miller School, prides itself on creating a welcoming and nurturing learning environment for all children. We have a very diverse population and strive to ensure all children appreciate and accept differences.

The Miller School has a beautiful playground for our youngest students. Changes in our enrollment have necessitated a closer look at accessibility for all children, as this year we welcomed four preschool classrooms; one of these is the Developmental Class. This class educates students across preschool and kindergarten with intense medical needs. Mobility issues are a challenge for many of these children and a wheelchair accessible swing would ensure that these children could enjoy and access playground equipment similarly to their nondisabled peers. Increased access would also help these children form friendships by removing barriers that could potentially separate children.

Thank you for considering this grant request.

If this application is submitted outside of the usual funding cycle, please explain why.
